

Economics: (One Semester Course)

2018-2019 School Year

Mr. Van Ells (Room 736)

jvanells@potdam.k12.ny.us

Websites:

www.jvanells.info

www.teachtci.com

Course Structure:

Economics is the study of the choices and decisions people make about how to use the world's resources. Understanding economics will help you make informed decisions for yourself and assess the decisions made by others. Different tools will be used to learn about our government and economics. Here is a partial list of them:

1. Reading the textbook
2. Completing online interactive notebook
3. Completing online reading challenges
4. Writing Activities
5. Personal Finance Activities
6. Research and Presentation of an Economic Topic
7. Project Based Learning
8. Summative Assessments

Evaluation:

The grading in each block for this course is based on the following:

1. Projects, Presentations & Chapter Tests - 40%
2. Summative Assignments (Writing Activities, Reading Challenges and Other Assignments)- 40%
3. Formative Assignments (Interactive Notebook and Other Assignments) – 20%

Homework assignments in this course can be either Formative or Summative. Students are responsible for all coursework if they are absent. Failure to complete all required coursework could result in a grade of "0". Late assignments from 1 to 7 calendar days from the due date will be penalized 20% unless prior arrangements have been made with me. Assignments later than 7 calendar days will not be accepted and will receive "0" points.

Final Grade = 1st Block, 40% 2nd Block 40%, Final Exam 20%

Students and Parents who register may view grades online using SchoolTool**Academic Honesty Policy:**

All writing that you submit for credit in this course will be your own work. Do not copy published or unpublished writing without providing a full citation for the work. If you have any question about proper documentation of sources, see me for guidance. No credit will be awarded for work that violates the standards of academic honesty.

Textbook:

Econ Alive! The Power to Choose, TCI Publishing, Pala Alto, CA, 2014

This is a unique program that offers an interactive learning environment that allows students to complete an interactive notebook and complete other exercises online. Students may access the program from their Chromebook.

Materials:

Students may take notes on paper or on a Google Doc for later review. They need to bring their Chromebook to class every day. They should also bring 2 pens or pencils to class each day. Please have available colored pencils and a ruler when necessary. No assignments will be accepted on notebook paper torn from a spiral notebook. There is a large supply of lined paper available in my room for those who need it. (No Exceptions) Keep in mind that some assignments are required to be typed.

Course Outline:

The Economic Fundamentals

An Economic Way of Thinking (Chapter 1)
